

Introduction to Protection
USSS Mission Model

ATTITUDES

Don't Miss America's Great Service

Employees who feel that management acts ethically
in their areas:

- Value about the importance of ethics
- Behave ethically
- Learn positive
- Model ethical behavior

Managers feel less comfortable than those who feel
top management only acts ethically or establish
none of these attitudes

Critical Infrastructure

...the most critical infrastructure assets in the United States. The report identifies the most critical infrastructure assets in the United States and provides a framework for assessing the risk to these assets. The report also provides a framework for assessing the risk to these assets.
